Chief, Administrative Staff, PSO

Securing of Shelves in the Procurement and Supply Office Library.

It is requested, as a safety measure that the twelve (12) sections of wooden shelving now in the Procurement and Supply Office Library, Room 1809, Wing "I", be securely fastened to the wall or overhead beams. As additional work is to be done on this room to make it secure from a security standpoint, it is suggested the fastening of the shelves be done at that time.
